I am part of the "NETS FOR NETS" campaign, a fundraising initiative in support of BUY-A-NET Malaria Prevention Group, Canada's first citizen driven initiative, volunteer lead, registered charitable organization aimed at malaria prevention in Africa, one village at a time. Somewhere in Africa, a mother loses her baby to malaria every 30 seconds. That's 3,000 children each day! Malaria is the single most leading killer of children. Yet it is highly preventable. The most simple and inexpensive way to prevent malaria is to have people sleep under long lasting insecticide treated bed nets. One bed net costs \$6.00 and can protect a family of four, and last up to five years. \$24.00 will protect four families, 16 people, for three years.

100% of the money I raise will buy mosquito nets and anti-malaria medicine.

Please sponsor (name) _____

I am part of (name of team/school/club) _____

Full Name	Home Address	Postal Code	Amount per Net	Total Amount * number of times, scored a goal against the net = total	Paid	Date Received
E.g. Miss Happy Sponsor	123 saving lives lane Hopeful, Ontario	K7L 4Y5	\$12.00	\$12.00/goal X 3 goals = \$36.00	√	June 22nd
